

# **The Columbus Area Church Relations Team**

*The Power of a Simple Shoebox*

The Columbus Area Church Relations Team is a group of interdenominational volunteers, working together to spread the opportunity of Operation Christmas Child to churches throughout central Ohio. These highly dedicated volunteers call on new churches and churches that have previously participated in the project to share with them the joy that comes from sending shoe box gifts to hurting children around the world. These creative volunteers help church groups find innovative ways to incorporate Operation Christmas Child into the ministry of their churches.
