

The Columbus Area Collection Network: Relay and Collection Centers

The Power of a Simple Shoebox

The team that makes up the Columbus Area Collection Network has the important role of organizing the proper collection of the shoebox gifts in their area. This team is made up of dedicated groups of volunteers in Collection Centers and Relay Centers who enjoy using their gifts of organization, planning and communication, along with their heart for Christ to collect the carefully packed shoebox gifts and plan the transportation of them to Processing Centers where they are prepared for shipment to hurting boys and girls around the world.
